DETAILED ACTION

1. This action is responsive to communication filed 8/5/05.

Allowable Subject Matter

2. Claims 1-16, 17-19, 21, 22-31, 32, 34-35 and 47 (renumbered 1-33) are allowed.
3. The following is an examiner's statement of reasons for allowance for independent claims 1, 17, 22, 27, 32, 34 and 47. Comparing successive frames, having a difference exceeding a threshold to detect a shot boundary is well known in the art. The prior art fails to disclose two tests to determine if two frames form a border for a candidate shot boundary before a search for a shot boundary between the two frames. In, the first test a partial comparison between the frames is performed to determine a first difference between the frames. If the first difference is greater than a threshold, then the frames are borders for a candidate shot boundary and a second test is performed. In the second test, at least one of an edge difference and a color difference between the frames is determined. Claims 5-16, 18-19, 21, 23-26, 28-31, and 35 depend on the independent claims. Therefore, are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
